Natural Resources Department

Hello Wa:k Community, I would like to introduce myself, my name is Cie'na Schlaefli and I am the new Natural Resources Specialist for the San Xavier District. I have had the opportunity to work in Wa:k since Fall 2011, when I started working for the San Xavier Cooperative Farm. I feel honored to be in a position to continue to serve the community now working for the District. Having been born and raised in Southern New Mexico, I understand the challenges that face us in the arid southwest. As your Natural Resource Specialist I will be focused on monitoring and preserving your water resources, helping implement the Range Management Plan, continuing the Mine Reclamation Program, and looking at other ways to support our natural systems for the wellbeing of the O'odham and the environment. If you have any questions or thoughts I look forward to hearing from you to inform this work. You may contact me at (520)573-4054 or email me at Cschlaefli@waknet.org Thank you!

SAWRSA: Our previous Hydrologist Scott Rogers is consulting with the District on a few projects that still need completion; one is the geophysical investigation work to locate future recovery wells for the proposed Coop Farm Extension project, another is the on-going mine and reclamation plan, and also training Cie'na on well readings and other field work. In March staff attended a Water Summit with the Allottee Association and Cooperative Association Boards and staff to review and discuss previous water summits, discussed Long-term storage credits, District's Water Management Plan, and the status of the Drought Contingency Plan.

We would like to acknowledge and extend a big "Thank You" to Archaeology Southwest for their presentation and site visit here at Wa:k on May 2nd. We had visitors from Colombia who were interested in our community's culture and heritage, as well as, our District departments and how we serve the community.

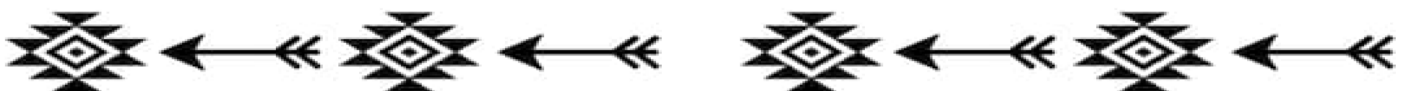

Riparian Restoration: The Temporary Seasonal Groundskeeper position is still open until filled, and if you are interested, please fill out an application and submit to Manuel Martinez or Jeffrey Ortega in the San Xavier District Human Resources Department. The rate of pay is \$11.00. Any questions about duties or qualifications, please call us or HR.

Monitor Program: Monitors were assigned to the following projects: Sanchez Design Services conducted a field survey of water & sewer appurtenances. Kappcon, Inc. continued with construction activities at the TOKA III/Black Mountain Housing Development Site. TOUA made water line repairs at the intersection of Mission & Los Reales Rd., and cleared brush near Little Nogales Rd. & Koli Ki Wog. Pima County Department of Transportation temporarily installed speed hoses east of I-19.

"SAVE THE DATES"

We would like to announce that we will have the ponds filled and water flowing in the streams at the Wa:k Hikdan on **Saturday, June 8th and Saturday, June 22nd**. Please stop by and take a stroll under the shade and enjoy the green scenery for the day. Flyers will be posted on the community bulletin boards and will be announced on Facebook.

Thank you.
David Tenario, NRD Assistant Supervisor

HOUSING DEPARTMENT

It is important to change or clean the air filter to your residential HVAC unit once a month; which is part of the preventative maintenance of a home, as a home owner.

The air filter keeps the HVAC unit running efficiently, and prevents expensive cost on repairs or replacement of a residential HVAC unit. A clog air filter causes the HVAC unit to working harder than it needs too. This would result in causing a short life span of the HVAC unit and a higher energy bill.

The benefits of cleaning or replacing your HVAC air filter are as follow: 1. Lowering the cost on your energy bill. 2. A clean air filter will help not to circulate dust, dust mites, and other particles in the air of the home.

See the following link for more information. <http://allweatherheatingandairconditioning.com/blog/importance-changing-air-filter-homes-hvac-system/>

WA:K Senior Services

Hello WA:K community, just want to let you know that our grand opening for our new building has been moved to June, not sure on the date, will let you know on the district Facebook. We have been moving our stuff out of the District building, and have cancelled our congregate until we move into the new senior center. I have been working on our FY-2020 budget and our goals and objectives for our budget meeting coming up.

Activities

- May 2, Chairman Nunez came to the congregate to address the community concerns.
- May 7-9, our teams competed in the senior games in Quechan.
- May 11, most of our seniors attended the Elder Day Event at the Desert Diamond II.
- May 24, we will be providing the meal for Memorial Day in the Multi-Purpose Room (MPR)

S-ke:g Tas Wa:k Community!

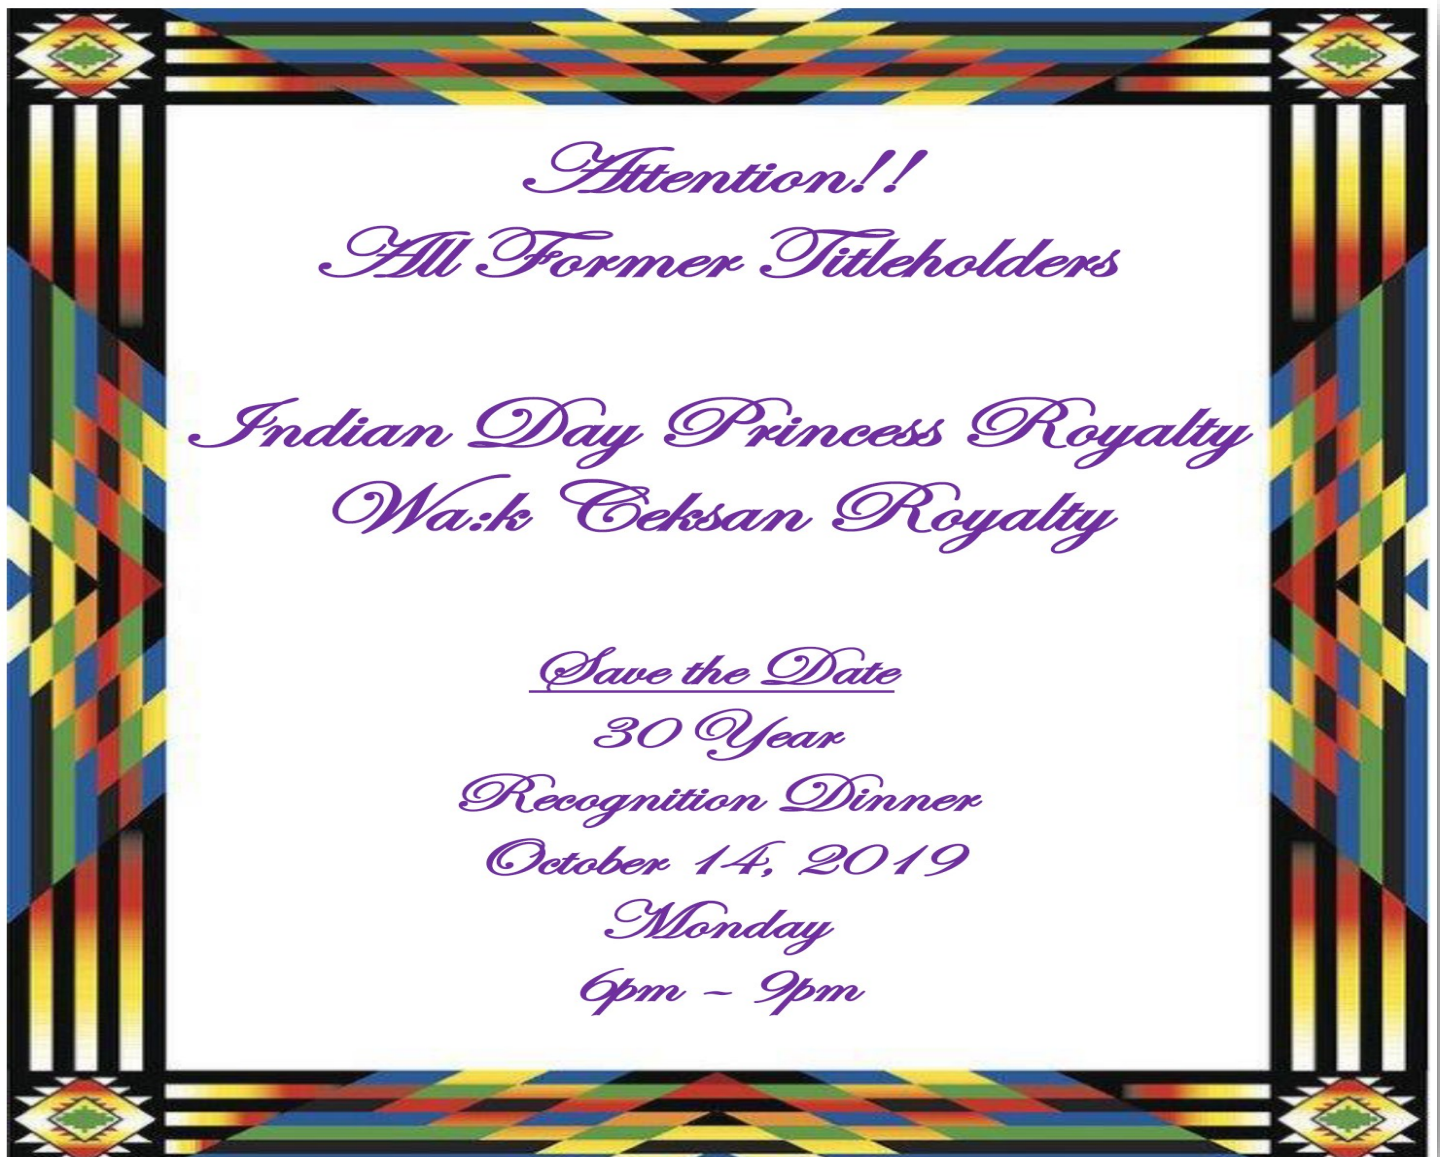

My name is Hohokimul Carlyle and I am 11 years old, my parents are Floyd Alvarez and Rowena Carlyle. As your Jr. Miss Wa:k Ceksan I have been traveling to many places and participating in parades and community events. My favorite place so far was our trip to San Carlos, because their traditional performances were showing their way of life (Apache). I enjoyed listening and watching the comedian because he was very funny. Also, because there was an Elvis impersonator. Through these past months of traveling I have met new friends and I get to see them at other places that we travel. Throughout this experience I have been able to create close relationships with Ellie, Sunnea, Dyanni, Davalyn, my sister Kiohod and Lalana. The main honor, is me being able to represent our community in near and far places.

Hohokimul Carlyle

Hello Wa:k,

My name is Kiohod Carlyle, I am your Lil Miss Wa:k Ceksan 1st attendant. My parents are Floyd Alvarez and Rowena Carlyle. I have been traveling to many places to watch pageants and be in parades. I have fun being with the girls and representing my community. I like seeing all the young women wearing their traditional dresses, they are so colorful, and everything represents something. Many weekends we get up early in the mornings to either fundraise or to travel, but we get to do it together and that's what makes it fun. Thank you for all the support you have provided to us!

Skeg Tas Wa:k Community,

My name is Florabelle Mamake, I was born and raised here in Wa:k Community. I been employed by the Tohono O'odham Nation for 9yrs, under the Community Health Representative, CHR Program. I have been in the community since November doing door to door home visits, we are about the whole community, not only elderly. Upon my visits I do Education/Prevention on health topics, Blood Glucose check, Blood Pressure checks, monitor Respirations, Pulse rate, oxygen level, foot checks, safety checks indoors and outdoors, and we work closely with Tohono O'odham Nation Health Care. I also am a Cancer Navigator for Cancer Patients, in the near future I will be scheduling presentations in the community on various health topics.

My schedule here in Wa:k is Wednesday, Thursday, Friday 8am – 5pm, unless I have a training or meeting I need to attend. If you are not home I will leave a "Sorry I missed you" note with the time and date I attempted the home visit.

Should you have any questions or concerns the number to our office is 383-6200 Community Health Services.

I encourage you to DRINK PLENTY OF WATER during these HOT SUMMER DAYS to keep hydrated!!!

Thank you,

JUNE 2019

SAN XAVIER EDUCATION DEPARTMENT

Greetings Wa:k Community,

I want to personally thank the parents, grandparents, and guardians of our Voices of Our Youth group in giving Loretta Encinas, Gloria Rios, Rowena Carlyle and myself the opportunity to work and mentor your youth. The Voices of Our Youth program concluded in May with our yearly Family Night event and a trip to the Main Event in Phoenix, AZ.

For the 2018 - 2019 school year, I would like to congratulate all Voices of Our Youth participants on your hard work, achievements, and dedication to the Voices of Our Youth program. It has been a joy and pleasure working with all of you and getting to know you.

This is a momentary enlightenment in the month of May. Ko'ok Maşad, "The Painful Moon" In the previous years from our early descendants. The raining season was late and the O'odham people lived entirely on wild foods without planting at all. When the foods ripened, during, or after the raining season wild foods would be gathered and stored to last throughout the year. This is just before the giant cactus harvest. During the month of May, the O'odham people would gather wild plants such as cholla buds (ceolim), dasyliiron wheeleri (u:mug), fish hook cacti (jiawul), l'ittoi Onion (siwol), and these are the natural foods for the month of May.
