Natural Resources Department

Greetings, Wa:k Community! We hope you are doing well and getting outdoors as much as possible to enjoy all the activities this time of year, such as the O'odham Wapkiial Ha-Tas in Sells or even the upcoming Wa:k Pow Wow. It's a good time to be outside and appreciate Jewed Ka:cim (Mother Earth) as we move towards spring.

There are a few notices and announcements we would like to take a moment and share with you:

Natural Resources Specialist: Winter is upon us in Wa:k as the O'odham traditional calendar refers to this moon as Gakimdag Masad or "the moon where animals lose fat". This time of year is challenging for both people and animals due to the dry weather and scarcity of food in the desert. Many animals are searching for food and water, especially the deer. Recently, a deer was hit on Mission Road (south of the community). The deer pose a particular safety hazard to vehicles and passenger safety, especially around dusk and dawn. As such, I would encourage community members to use caution and lower their speed while moving about in their vehicles for both animals and people's safety.

Also, there has been some activity from at least (1) mountain lion near the Misson & San Xavier Road area (photo attached). Again, please use caution while walking about the community around dawn & dusk time. Be mindful of your pet's welfare, especially during the evening, as mountain lions are nocturnal hunters.

Please call our Ranger Department at (520) 471-8092 if you would like to report an accident involving wildlife or encounter wildlife at your home.

Monitor Program: The Misson Road Pole Replacement Project is set to take place in early February and is expected to be completed by May. TEP has subcontracted Sturgeon Electric to replace approximately 90 old poles and install new poles in their place. The work area will be on Mission Road (heading south from Valencia Road to Pima Mine Road). TEP will keep our office updated weekly, and notices will be placed on Facebook indicating which area pole replacement activity is taking place. Please take caution when in these areas; we appreciate your patience & understanding!

Our department has been involved with the following meetings or activities: staff participated in the Green Valley Core Group Meeting to receive updates on the Green Valley Regional Water Supply Appraisal Study. We attended (2) Asarco Update Meetings with UKLA & Asarco representatives to discuss livestock issues & solutions. Staff met to discuss the SXD Wa:k Comprehensive Plan and attended the Driver's Safety Awareness & Van Certification Training. We were also involved with the EcoTruths for Indigenous Youth group to take measurements of cottonwood & cattails as part of a request made by SXDC.

Natural Resources Contd.

Last month, our new Natural Resources Specialist, Mr. Ulrick Francisco, joined our staff. We'll have him introduce himself in next month's article, and we've included his office extension number below. Also, temporarily, Ms. Miranda Flores is assisting our department until we hire an Administrative Assistant.

If you have any questions, please feel free to contact us: David Tenario (520) 573-4056, Geena Johnson (520) 573-4055, Morgan Parsons (520) 573-4057, Ulrick Francisco (520) 573-4054, or Miranda Flores (520) 573-4053.

Thank you from the NRD Staff & Happy Valentine's Day!
David Tenario, NRD Director

Wa:k Senior Services Department

Senior Services Director

Marian Joaquin

Greetings Wa:k Elders,

The Senior Services Program would like to wish everyone a Happy New Year! Wow, 2025 is here and moving fast forward; we are already in the second month of the new year and busy providing services to the Wa:k Elders. These services include meals, home health visits, medication refills, pickup/delivery, transportation to and from congregate and doctor appointments, and medical supplies deliveries. If you have any questions regarding our services, please get in touch with us or stop by our office for more information.

The recent weather has changed. In January, we had plenty of very cold days and nights. Our bodies were trying to adjust as we got used to the warm weather we had in November and December. With this cold weather, colds come. If you are experiencing cold/Flu symptoms, please stay home and get tested, as COVID-19 is still prevalent. We have seen the numbers of COVID-19 going up again across the Nation, so be cautious and continue to mask up, wash hands, and sanitize.

If you have any questions regarding our services, we can come to your home. Please call us, and we can set an appointment for us to provide information and answer any questions you may have.

COVID NEWS

Covid cases are raising at rapid rates across the country!

Due to the holiday season there has been an increase in covid cases throughout the country. Current wave is currently affecting those 65+ making up 32% of positive reported cases, followed by 19-44. In Arizona, there were over 100,000 positive reported cases in December 2024.

According to Arizona Department of Health Services. Please note that these are reported cases, data will be skewed due to at home positive tests that are not reported.

The CDC recommends keeping your covid vaccination up to date. According to the CDC vaccination reduces risk to serious complications by 50%. 2023-present, 95% of covid hospitalizations were not up to date on their covid vaccine.

COVID OFFICE PROVIDES...

- Covid Tests
- Covid Box (*if you test positive*) includes Personal Protective Equipment (PPE) and cleaning supplies for your household.
- PPE for community events, funerals, and anniversaries, when requested.

For any questions, reach out to the Covid Office:

(Good day and Happy New Year!)
After a short time without students
attending the Ap'edag Ki: we now move
forward into the beginning of a new year
starting with January 2025 "Gakimdag
Masad." Staff are confident that the
students have enjoyed their winter break,
being at home with their families and are
welcomed back.

During December and due to the short
month, the students were engaged in a
few activities before their winter break.
Students made candy cane sleighs and
cone-shaped Christmas trees. Their
Christmas trees were used for
centerpieces at their Christmas party held
with the Education Center on 12/18/24.
Students received gifts from Santa and
were served Indian Tacos and goodies. It
was an enjoyable event with games, prizes,
and a visit from Santa Claus. We also want
to thank Ben from the COVID department
for Being a good sport in the Reindeer
antelope toss game!! (See Photos)

***The Ap'edagi Ki: extends our deepest
condolences to the families who have
lost a loved one, and we pray that the
Creator will comfort you throughout this
difficult time.***

U:waliq Masad/ Deer Mating Month

S-ke:g Tas Wa:k Community,

Half of the 2024-2025 school year is complete. I want to thank the parents, grandparents, aunts, uncles, and more for your ongoing dedication to your child's education. Please know how much we value the importance of your role as a supporter and motivator for your child – you are your child's coach! Please continue to check daily with your child on their progress, asking them to show you the completed assignments and affirm when you see them working independently or being involved in live instruction. If you have questions regarding your child's progress, please do not hesitate to contact your child's teacher or a staff member at the Education Center, as they/we are always more than happy to discuss and assist you in any way.

To continue focusing on the well-being of our students, parents, and community, we need to nurture what makes us whole and balanced. Here are some new proposals for a new approach to motivate your students to have a successful school year:

1. Emphasis on mental/behavioral health: Students and parents should have time daily to go outside, spend time with their pets, or engage in any activity that helps address anxiety.
2. A daily period of physical activity.
3. Nature activities. A daily period for exploration of nature or being in nature with awareness or a research project that allows families to get outside of the home, even if for a short period of time.
4. Focusing on writing, reading, and math skills will allow students to maintain a level of proficiency that will be the basis of their learning when we can finally return to regular schooling.
5. Guided discussions about current events and discussions about how to do internet searches, fact-check information found on the internet, and look for opposing points of view on current issues, etc.

We thank you for your continued support of your child's education. I look forward to serving you and everyone else as you continue your education.

In December 2024, the SXD Education Center invited community members to participate in the annual Christmas Caroling. The community rehearsed from the end of November through December 11. The SXD Community Caroling sang at the SXD Community Christmas dinner. Then, on December 19 and 23, the group shared their Christmas songs with the Wa:k Community, bringing Christmas cheer to the elders and more. Thank you to everyone who came and shared their joy and laughter.

Have a safe month and continue to stay warm.

We are excited to announce our STEM night on Wednesday, February 26, 2025, from 6pm–7:30. We continue to serve Headstart, Elders, Afterschool and infant/toddler programs with reading time. The library hours are Monday–Friday from 8am–5pm.

Basic Guitar classes are on Wednesdays from 5:30–6:30 for teens and adults. Please call Gertie for more information.

Pima County Bookmobile continues to visit the Education Center every first Wednesday of the month from 3 to 4 p.m.

We have two little libraries outside the Education building with books that you are welcome to come and take, especially if your child needs a book for homework or if you just need a good book to read. You do not have to bring the book back.

We will also have the tax program installed on a computer in the library for those who come in to do your taxes. You are more than welcome to have someone come in and help you with your taxes. Please note the library staff are not trained to help with taxes.

For information or questions regarding the library, please call Gertie at 520-807-8621. HAVE AN AWESOME FEBRUARY!

We are off to a great start of a new year with our students! We would like to give a shout out to all of the parents for continuing to do a wonderful job with getting students to school on time. Please continue to keep up the wonderful work.

Our ASP (After School Program) had a wonderful Christmas Party with a visit from Santa Claus before their Winter Break. During our Christmas party, Santa Claus handed out presents to all our students in the ASP program. Thank you to our staff for all your hard work. The party turned out great!

Our VOY (Voices of Our Youth) students had the opportunity to climb Baboquivari Mountain during their Winter Break. Following the hike, we took them to Peter Piper Pizza and a movie at Harkins.

It's the beginning of a new semester and we would like to encourage all the students to continue to do your homework and bring your grades up. Continue to get to school on time and be present. It makes a big difference in your grades. If you need help, please don't hesitate to ask your teacher, your Native American advisor, your parents/guardians or us here at the Education Center.

Parents—we know it's the beginning of the semester, but we would encourage you also to take time and spend a few hours with your child and their homework. It makes it easy for both of you and your child to stay on top of their homework before the semester ends. Our children need all of us to be successful in their education and we all need to be supportive of our students.

May you all be safe. Please continue to encourage your students to wash their hands and wear a face mask if needed.
